

Volunteer Dress Code for Open Cupboard

To ensure safety, professionalism, and a comfortable environment for all volunteers, please adhere to the following dress code guidelines while volunteering at our food shelf:

1. **Footwear:**
 - **Closed-Toed Shoes:** For your safety, all volunteers are required to wear closed-toed shoes. Sneakers, boots, or other sturdy shoes are recommended. No sandals, flip-flops, or open-toed footwear is allowed.
2. **Clothing:**
 - **Comfortable and Practical:** Wear clothing that you can move comfortably in, as you may be standing, bending, or lifting items.
 - **Modest and Appropriate:** Please avoid clothing that is overly revealing, such as low-cut tops, short shorts, or midriff-baring shirts. T-shirts and long pants are recommended.
 - **No Offensive Graphics:** Clothing should be free of any offensive or inappropriate logos, slogans, or images.
 - **Avoid Loose or Dangling Items:** Loose sleeves, scarves, or jewelry can be hazardous around equipment and should be avoided.
3. **Personal Hygiene:**
 - **Cleanliness:** Please ensure that your clothing is clean and in good repair. Good personal hygiene is important in maintaining a pleasant environment for everyone.
 - **Hair:** If you have long hair, please tie it back or secure it in a way that keeps it out of your face and off the food.
4. **Accessories:**
 - **Minimal Jewelry:** To avoid losing items or creating hazards, please wear minimal jewelry. Avoid wearing large rings, bracelets, or long necklaces.
5. **Weather Considerations:**
 - **Layering:** The food shelf may vary in temperature, so consider bringing a sweater or jacket. For outdoor activities, dress according to the weather.
6. **Identification:**
 - **Volunteer Name Tags:** Please wear your volunteer name tag at all times while on-site.

By following these guidelines, we can ensure a safe and respectful environment for all volunteers and clients. Thank you for your cooperation and dedication to helping our community!
